Thomas and Carol Willis - contesting fine – read letter in regards to fine don't agree that it wasn't an emergency. Sharon requests that the violation be waived, they need to turn in a 310 permit after the fact to process the paperwork to other agencies.

Motion: work is sufficient as is – no fines if permit is submitted within 30 days

Second: Clinton

Vote: Greg

Wayne Teyler - contesting fine – installed a headgate, says Sharon gave verbal permission for headgate and created a berm in Rock Creek that the board voted to remove the headgate and take the berm out. File a 310 after the fact for the installation of the headgate and the lowering of the berm

Sanford – was present at the time of the original site visit, said that Sharon gave verbal permission to install a headgate. Disagrees with the \$500 fine

Motion: file a 310 after the fact for the installation of the headgate and the lowering of the berm to existing bank level - \$500 fine stands
